

HOW SMART IS YOUR HOME?

Over 40% of U.S. homes have added some form of smart technology, not only to save time and money, but also to enhance their home life experience.

MICASA TECHNOLOGY

UPGRADE YOUR DIGITAL LIFE

We will install, configure, and customize the latest in home automation technology in order to make your home digital experience an exciting one. We have integrated many technology sector products, including:

SONOS

APPLE TV

ECOBEE

RING

LUTRON

NEST

PHILIPS HUE

AMAZON ECHO

INCREASE THE VALUE OF YOUR "CASA"

According to Consumer Reports, smart home features can boost your home's resale value by up to 5% – that's \$15,000 on a \$300,000 home. Research also shows that home appraisers are beginning to factor in the value of tech features.

CUSTOM SOLUTIONS

- ❖ Create customized lighting for different areas of your home
- ❖ Enable voice-activated commands for lights, sound, and environmental controls
- ❖ Give your home an iPad upgrade – a centralized custom control center for your home
- ❖ Program your mobile devices to better control your home

INCREASED SECURITY

- ❖ Monitor your home from anywhere on the planet
- ❖ Receive alerts from video and smoke detectors when you are not home
- ❖ Save \$ on insurance premiums with networked security systems
- ❖ Keep tabs on the air quality in your home while you are on the road
- ❖ Integrate smart door locks which open when you need them to open, with or without a key

ENERGY MANAGEMENT

- ❖ Automate your lighting controls to help you save up to 60% on the lighting portion of your electric bill
- ❖ Save up to \$200 per year by installing smart thermostats
- ❖ Integrate an automated sprinkler system to save up to 30% on your water bill
- ❖ Gain more insight into where your energy dollars are going with automatically generated usage statistics
